

“50 at 50” Alumni Donation Program

University of California, Berkeley

Hispanic Engineers and Scientists

Dear HES Alumni/a,

The “50 at 50” Alumni Donation Program has been created help raise funds for our annual events and programs that are struggling to meet the funds required to keep going. The goal is have 50 HES Alumni donate \$50 with hopes of raising \$2500 by the end of December. With you're help we will be able to fully fund WAT camp and possibly increase the number of freshmen participants.

Due to the current state of our economy, HES is struggling to meet the funding demands to achieve all of our goals. Please consider supporting the organization, you help will be greatly appreciated.

If have any questions or need more information please feel free to contact me.

Thank You For Your Support!

Eliana Trujillo – HES Corporate Vice President
